THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

March 24.
Herman Hamilton, a negro, was executed at Columbus, Ohio, after midnight for the murder at Portsmouth of a railroad foreman, Lee Calvert, of Louisville.

In the house of Commons yesterday the Secretary of State for India gave figures on deaths from the plague in the peninsula. These showed that hundreds of thousands of lives had been lost since the first of January from this cause.

It is said that the President has stated Gen. Rosser, who was the young Brigadier General in the Confederate service, for the office of United States Marshal for a Virginia district. General Rosser at present is postmaster at Charlottesville but does not like the office.

At the office of the Council of Foreign Bondholders in London yesterday it was stated that the agreement between the Venezuelan Government and the British and German bondholders had been signed by the representatives of Venezuela and the German bondholders. The agreement is now on its way to London for the signature of the representatives of the British bondholders.

Nothing could be ascertained at the Belgian Legation in Washington yesterday as to the correctness of the statement attributed to resident Morale, of Santo Domingo, relative to Belgium's attitude toward the claim preferred against the republic. It is believed that in a general way Morale is right in supposing that the failure of the Dominican treaty will cause foreign creditor nations to contemplate prompt action looking to the securing of their claims. The department has hopes, however, that the Senate will ratify the treaty when it meets and that complications can be avoided.

The Ministers and supporters of the court who have been urging upon Emperor Nicholas the advisability of making peace proposals to Japan, believe they have been successful and an Associated Press correspondent at St. Petersburg hears that an actual step toward peace "is imminent, if not already taken." The situation of Gen. Linerich's army is again regarded as critical, and reports from the scene of war say that he will need reinforcements of 200,000 men to successfully hold his own against the Japanese. Otherwise, it is asserted, he may be compelled to retreat beyond Harbin and abandon Manchuria to the enemy. He has been ordered to make a stand at Sungaria river at all hazards. A St. Petersburg dispatch says all the women have been ordered to leave Vladivostok. The Japanese are keeping up their pursuit of the Russian army, and the town of Changtu was occupied on the 21st. There are reports which indicate that they are undertaking wide flanking movements.

March 25.
Jules Verne, the author, is dead at his home at Amiens, France, after a long illness of diabetes.

Don Manuel Aspiroz, the Mexican Ambassador to the United States, died yesterday in Washington after a lingering illness.

A mob of 2,000 men made an attempt to lynch a motorman in New York because he had run over and killed a four-year-old boy. The motorman was rescued by a detail of police.

Representatives of the American colony in London gave a dinner to H. C. Evans, retiring Consul General to London, yesterday. In reply to complimentary speeches Col. Evans said among other things that he was "going home to God's country."

Details regarding prices for cattle and dressed beef, and the question of possible rebates given by railroads, are said to be the principal objects to which the Government attorneys are directing their attention in the Beef Trust inquiry at Chicago. An investigation is also proceeding in New York.

President Castro, of Venezuela, has replied to Minister Bowen, flatly refusing to submit to arbitration the differences between Venezuela and the United States. It is stated in Washington that no drastic action in the matter is contemplated and that the United States Government will await developments.

The body of Mrs. Jane Stanford was laid to rest in the family mausoleum at Leland Stanford University yesterday. Thousands of mourners attended, and there was a wealth of floral offerings from all over the country. Ministers of several denominations, including the rabbi of Temple Emmanuel, San Francisco, took part in the services.

Stanley Francis, alias Arthur S. Foster, was arrested in Philadelphia yesterday on the charge of using the name of the St. Louis Cotton Company and the Provident Investment Company. He was held to answer in \$100,000 bail.

The testimony in the hearing of the application for bail by the Hargreaves

and Callahan was concluded before Judge Parker at Lexington, but decision was reserved until to-day or Monday. Elbert Hargis, one of the defendants, denied all connection with the assassination of James Cockrell, saying that he did not even know that Cockrell was in the town of Jackson until after Cockrell had been killed.

In Bankruptcy Court proceedings at Cleveland Mrs. Chadwick stated that the total amount of her indebtedness will not exceed \$750,000. Of this she says she received only \$517,000, leaving 233,000 for commissions to money lenders. She said that she owes \$200,000 certain banks in Cleveland and that her indebtedness in Pittsburgh is about 225,000. The hearing was postponed until Thursday in order that certain papers bearing on the case might be procured in a number of cities.

March 26.
Maurice Barrymore, the actor, died yesterday in a sanitarium at Amityville, Long Island. He had been in failing health for several years.

The American squadron departed from Havana yesterday, the departure being the occasion of a remarkable demonstration of good will by thousands of Cubans.

Four more bodies were recovered yesterday from the Rush Run mine, the scene of the disastrous explosion of a week ago. Several other bodies are yet to be found.

President Castro, of Venezuela, is said to be manifesting strong hostility to French and American interests and a dispatch from Paris says the French Government is desirous of conferring with the United States with a view to taking some concerted action.

The American evangelists who have been holding the great revival in London declare that the success of the mission has exceeded their most sanguine expectations. Over a thousand converts, they say, have publicly professed religion, and thousands more have privately acknowledged the spirit.

Monsieur Rouvier is said to strongly approve the establishment in Paris of a Franco-American financial institution. The action of the heads of certain American insurance companies, in steadying the Bourse by purchasing \$4,000,000 of rents in a day during a period of financial stress, while the religious agitation was at its height, made a great impression on the French Premier.

The Court of Appeals adjourned for the January term, after disposing of a number of important cases. Judgment of the Harrison Circuit Court, sentencing Curtis Jett to be hanged for the murder of James Cockrell at Jackson, was reversed and the case remanded for a new trial. The case of Caleb Powers goes back to the Scott Circuit Court for a fourth trial.

The State Department has received a cablegram from Minister Dawson at San Domingo, which is said to give information concerning a tentative agreement he has endeavored to negotiate on his own initiative for a settlement of the present acute phase of the Republic's fiscal troubles. In substance the plan contemplates the nomination of an American commission to collect the revenues of the island and retain 55 per cent. of the same in trust for the purpose of paying the Dominican debts, should this treaty finally be ratified by the Senate.

March 27.
The Southern trade is reported to be in a better condition than at any time for the past five years.

Twenty-six thousand aliens arrived last week in the United States. At least 22,000 are expected to arrive this week.

Mexico's new monetary system will go into effect May 1. The mint will be closed April 16 to free coinage of silver.

A financial collapse is threatened in China through the mintage of debased copper currency whereby provincial officials have reaped great sums annually.

The Tobacco Growers' Fair and Pure Food Exhibit Company propose to hold a tobacco and grain fair next fall at Lexington, at which prices aggregating \$10,000 will be offered.

The Rev. Dr. Washington Gladden, pastor of the First Congregational church of Columbus, O., in a sermon scored John D. Rockefeller, and advised against the acceptance, by the American Board of Missions, of his gift of \$100,000.

The establishment in Kentucky of independent oil refineries is talked of by promoters, who claim that they have a process by which they can refine oil cheaper than the Standard Oil Company, and that they have sufficient capital to make the undertaking a success. There has been an increase in activity the past week in the Kentucky fields, and the outlook is encouraging.

Peace talk continues to be heard throughout Europe, and the Russian Council of Ministers is agreed that the time is opportune. Japan is said to be willing to make peace provided Russia abandons for a term of years

its programme for the rehabilitation of the navy. Otherwise, it is claimed, it will not be peace, but merely a truce. Meantime the armies remain inactive and the Russian retreat continues. A strong argument for peace is the growing unrest of the merchant and commercial classes of Russia, who are joining the Liberal party, demanding first peace and then a Constitution.

WEBBVILLE.

After leaving Louisa last week your writer visited every house on Luck and landed at dark with G. E. Pugett and Squire Diamond at John T. Moore's on Little Blaine and after a good supper and breakfast at this hospitable home we went to Squire Berry's law day where the majority of 17 cases were tried. Then I went to Brushy, to Blaine then home and found John Burns and Frank Johnson here shaking hands with everybody.

Judge Woods is not so well as for the past few days. A great deal of grip and other sickness here keeps Doc Thompson riding all the time. Mrs. Osborn is here on her return home to Laurel Hill. Mr. Cox and three children are here on their way to their home on Blaine. John Witten, of Willard, is a visitor here today and reports fine clay work there under full tilt. Bob Wilson and Andy Weaver are here on their way to Greenup county to work for Jim Boggs in logging. Mr. Green, Crump & Field's drummer, is here interviewing our merchants.

Mr. Wells, of Chinaware house in Ohio is here. Dave Boggs with three teams from Laurel is moving to East Fork. Mrs. Elias Webb came home from Cincinnati where she had been buying goods. Deacon Wade, drummer is here. Also, Openheimer, clothing man. Henry Fischer came home from Carter county today. Will Watson, of Cat's fork, is moving to Virginia. Will Cole bought a yoke of cattle yesterday. A big drove of cattle went through. Richardson, hardware man of Huntington, is here.

Mr. Mart Kitchen, of Denton, is transacting business here. Geo. Belcher, deputy Sheriff, was here today. He makes the boys scatter. Rev. Johnson has gone to Grayson. Hens Moley, of this place, was killed in the West Virginia coal mine explosion last week. His father went after his remains Wednesday.

Doc Gambill and wife were here on their way from Louisville to their home at Blaine. Also, Charley Holbrook and Mr. Cline, hat man. A lumber man arrived Wednesday to load out lumber for Fischer. Miss Nan Sheppard went to Ashland today. Miss Morris, of Blaine, was here going to Ashland. Uncle Tip took his wife to Doc Huggins at Olive Hill for treatment, and met our old townsmen, Ben Cassidy and Dr. Case. Ben is doing a land office business in his grocery and he and his family are well pleased. Dr. Case gets plenty of work and is much pleased with Olive Hill which is a live business place and is coming up fast and will make a city in the near future. I hear of two more Lawrence county men who are going to move to Olive Hill. Your scribbler will be back to Webbville Monday and give you next week's news.

Best wishes for the NEWS and Louisa people. Pit.

\$100 REWARD, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists, 75 cents. Take Hall's Family Pills for constipation.

DAVISVILLE.

Farmers are getting busy sowing oats in this vicinity. Miss Vina Pack visited her daughter, Mrs. M. A. Davis, Saturday. Wallace Salday was on a sky ramble Sunday night. E. M. Justice and Lee Reed were fined \$5.00 each for letting their hogs run at large in Precinct No. 4. This should be a warning to the balance of the good people on said precinct. The case against Sam Caudill for loaning road tools laid over until the next regular law term. R. V. Nickell has gone to W. Va. M. A. Davis eyes are worse at present writing. After attending two months of the Blaine Normal, Amos Davis and wife have returned home. Milton Harris has pneumonia.

Weather is fine and farmers are very busy preparing for a crop. W. T. Jordan and wife are back on our creek from Columbus, Ohio, on a visit, but are going back in a few days. Sorry to have them leave us. Uncle Harry Chaffins, who has been very sick for some time past, is getting much better. Lagrippe has been raging on our creek. Most of the folks are getting better. Will Johnson, of Georges Creek, was on our creek the other day. Born, to B. Z. Hays and wife on the 17th, a fine boy which only lived a short time, and was buried in the All Hays graveyard. Married, on the 16th, Jerry B. Moore, of Mattie, to Miss Tella Borders, of Charley, May peace and happiness attend their lot. Jay Hays, of Mattie, is talking of going to Washington in the near future. Sorry to have him go. Jay is a nice, honest, sober boy and is liked by all who know him. Jeff Ball is working in the seed sower again this spring, but no accident yet. Cren Hays was visiting Freddie Berry recently and J. D. Moore, Sr., later on. Uncle Johnny Cordle and wife were visiting their son, George, last Saturday and Sunday. Also, Doc Childers was at J. D. Moore's last Sunday. W. H. C. McKinstler is having a new house built where his house was burned. B. F. Moore is clearing a nice piece of new ground this spring. Also, G. V. Ball, Jr., has a fine new ground ready to burn off. T. W. Ball and D. M. Moore made a business trip to Louisa recently. Rev. J. H. Sturgill preached a very interesting sermon at Mattie on last Sunday from the text "Almost than persuade me to be a Christian." Our Sunday School is progressing nicely with D. M. Justice as Superintendent. Roscoe Moore attended Sunday School at Mattie last Sunday. Two Boys.

Let me say I have used Ely's Cream Balm for Catarrh and can thoroughly recommend it for what it claims. Very truly, (Rev.) H. W. Hathway, Elizabeth, N. J.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts., or mailed by Ely Brothers, 56 Warren St., New York.

PATRICK.

Mrs. Ira Estep and Mrs. Ballard Price are each on the sick list. Miss Grace Estep, who has been sick for some time, we are glad to know is able to be out again. Morgana Price, we are sorry to say, is no better.

Jeff Hinkle and wife and little daughter are visiting Mrs. Vanhoose at this place. Mrs. Angie Boyd is calling on her sister, Mrs. Tilla Burgess. Cass Boyd and wife, of Whitehouse, have been visiting relatives here. Mead and Patrick are working in the saw mill business with renewed energy. Mrs. A. J. Dale spent Sunday with Mrs. William Murray. Julius Williamson and wife have been visiting her father, Robin Boyd. Elder T. J. Collins, of Sitka, is holding a protracted meeting at this place with wonderful success. Elder Roscoe Murray is expected home from Paintsville Saturday, to attend the meeting. Elder Collins is called the boy of Paint Union, and Elder Murray the boy of Zion Association. Suffice to say these gentlemen are fast friends and very frequently labor together. Uncle Hugh Boyd and wife are both on the sick list.

Road Question.

Mud is drying up a little, but has not changed our notion regarding pikes—hard roads. But since we can only have just what we can pay down for and since we haven't the money as some one says, we must just go wading the mud. Had Patrick Henry said in his great speech in the Continental Congress "Let's wait until we get more money and just have what we can pay down for." I wonder if we folks would be enjoying the freedom we now enjoy. Would it have been fair for our good old patriotic fathers to sacrifice their means, and pay all the expense of the Revolution, and some of them die before the republic was organized, and leave the dearly bought freedom for us to enjoy without our paying one cent? Was it best for them to have just what they could pay down for? or was it best to gain freedom at any cost and let those who enjoy the good effects of freedom pay off the debt.

We mountain folks are continually being spoken of as "degenerates," as "behind the times," as "Fogies," and the good Lord only knows what all and all simply because each time there is a mention of improvement or an onward march of progress anticipated, some moss-back fellow is to say—"wait awhile" wait awhile "Procrastinate" and thus go along continually and forever behind time. Taking the stand that we should only build so much hard road as we can pay down for. Would it hurt us to collect a road tax and in a short time be able to build a few good roads any way.

About the only person it would hurt the "miser" I mean the man that it just about takes his life to go down in his pocket each year and get a few cents for public improvement.

If there is no statute providing for such a road system we would like to know how our sister counties living under the same law in the same state, and under the same Legislative power, came in possession of their roads. They just simply had the "nerve" "grit" and were not afraid to use the greenback.

When our school term was made six instead of five we heard howl go up, the cry raised in opposition by some of our citizens, but the six months stayed just the same. Now when the subject of better roads is being discussed some fellow mourns and cries for fear of a few cents, (more than anything else) but we are willing for each man to express his opinion, and accord to each individual the same privilege we want to retain for ourselves. Give us a vote and let us see how each voter thinks about the matter.

No need of Lawrence being behind one moment. Just take courage boys, cheer up, pick up grit, and let us fear just a little greenback and suppose we try one road through the county any way.

CURED HEMORRHOIDS OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Sold by Louisa Drug Co.

Special Clubbing Offer.

An arrangement has been made by the NEWS by which, for a limited time, we can furnish the Cincinnati Weekly Enquirer and this paper one year for \$1.50. Those wanting to take advantage of this offer should do so as soon as possible, as we do not know how long the arrangement will last.

The weekly Courier-Journal will also be furnished at the same price. Also, we will furnish the Daily Cincinnati Post and the Big Sunday News, both one year, for \$2.50.

INFLAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Denison, O., was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by A. M. Hughes.

POTTER.

Moving seems to be the order of the day. Ralph Blankish has moved to Greasy. L. L. Skeens has moved into the H. M. Dalton property. Mr. Adkins, from Call, has moved to our branch. Mrs. E. J. McHorn has moved to Dry Fork. Rev. Mark Miller preached a very interesting sermon here Sunday and left an appointment for the third Sunday in April. H. M. Dalton, of Cincinnati, is here. J. J. Fay and J. L. Rogers are here loading lumber and ties. J. C. Copley and Miss Dora Saulberry, both of this place, were married last Wednesday. They have our best wishes as they are both dear young people. Quite a number of drummers were here last week. Albert Copley has been sick for the last few days. Doc Belcher has finished sawing at this place and will soon move his mill. XYZ.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. FRANCES MATTOON.

Mrs. Frances Mattoon, Treasurer of the Minneapolis Independent Order of Good Templars writes from 12 Sixth Street, Minneapolis, Minn., as follows:

"Last winter I had considerable trouble with my kidneys brought on after a hard cold which I had neglected. One of my lodge friends who called when I was ill told me of a wonderful medicine called Peru-na. I had no faith in it, but my husband purchased me a bottle, and asked me to try it. It brought me most satisfactory results. I used three bottles before I was completely cured, but I have had good cause to be grateful, for not only did my kidney trouble disappear, but my general health improved. I have been in good health ever since. I would not be without it for ten times its cost."—FRANCES MATTOON.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Mattoon had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

OUR NEIGHBORS.
H. G. Ellnor, capitalist of Ironton, Ohio, has completed the purchase of 5,000 acres of timber land in Morgan county from Enoch & Dudley. The price paid was \$44,000. The land will be at once developed, and a line of narrow gauge railway built to get lumber to market.
The Rivers and Harbors Committee of the National House of Representatives will leave Pittsburgh tomorrow between the first and tenth of May on a chartered steamer to make a through inspection of the Ohio, its cities and trade. The distinguished guests will stop in Ashland for a while, possibly over night, and a reception and banquet may be tendered them.—Ashland Independent.
County Judge James Hargis, Elbert Hargis and Sheriff Ed. Callahan, of Breathitt county, have been held without bail by Judge Parker, of Lexington, upon the charge of complicity in the murder of Town Marshal Cockrell, of Jackson. Their trial will begin next Tuesday. Senator Alex. Hargis is held under \$15,000 bond on the same charge. Great interest in the case is shown throughout the State.
Judge Benjamin F. Keller, judge of the United States Court of West Virginia, has, according to a statement made by an intimate friend, decided to take up his permanent residence in this city.
The office he holds carries a lifetime tenure. It is said that Judge Keller is already negotiating for a handsome Sixth-ave property, and that before the completion of the new federal court building he will remove his family to this city.—Huntington Dispatch.
J. Will Clay and M. C. Clay, of Mt. Sterling, and Judge William Taylor and Bruce Taylor, of Frenchburg, have filed incorporation articles for the Miller's Creek Lumber Company with \$5,000 capital. The company owns 2,500 acres of fine coal timber and mineral lands in Lee county, and will build a line of railway to connect with the L. and A. and L. and E. railways. On the lands are oak, poplar, lynn and beech timber and several veins of bituminous and cannel coal, ranging from eleven to twenty inches thick. The lands were purchased a few days ago for \$125,000 per acre, and are known as the Beattyville timber tract. A number of sawmills will be built and several coal mines opened. The main office will be in Mt. Sterling.

CLIFFORD.
The Concord church at Myrtle school house had the largest attendance Sunday that we have had since Christmas. Our sick are improving with the exception of grandma Salmon. She is eighty five years old. Myrtle Sunday School expects to open next Sunday. All are invited to attend. The funeral of Trolly Curry will be preached the fourth Sunday in May at the home place. J. W. Copley, the protestant Methodist preacher, who was assigned the Meads Branch Circuit will try to fill his appointment the remainder of the year. Wayne Jarrell died at his home near the head of Lost Creek last Wednesday leaving a wife and two children. He was buried by the Knights of the Golden Rule of Preston, W. Va. The waylaying and shooting of the tunnel watchman, James Jarrell has caused considerable stir in our neighborhood and it is thought there will be some parties prosecuted. Grover Lytle while under the influence of whiskey Thursday, went to the home of Ambrose Hickman and violently threatened the Hickman family and struck one of the children. Hickman got his shot gun and would have shot Lytle had it not been that the main spring of his gun broke. He then seized an axe and striking Lytle above the eye fractured his skull. There is still three open skulls in this corner of the county and the drunkards are giving us seemingly as much trouble as King Pharaoh did the Israelites. Our troubles are getting heavy caused by the selling and drinking of spirituous liquor. We have plead with them for mercy but no mercy is shown us we have appealed to our officers for protection but it has failed to be granted. Now it remains for us to be as Providence what is going to befall us. In reply to our last inquiry we are told as taxpaying citizens to stand side by side and select in our coming election officers that will break up every whiskey den in Lawrence county regardless of friends or foes. Richard Williamsman become so enraged Sunday under the influence of whiskey that he went to Viola Copley's and threw stones in the house knocking down door and driving the inmates from their home. One of the parties tired of such sport turned on Richard, drew a revolver and would have shot him had it not been for his brother running to the rescue who in a tussle with Richard received a painful wound in the elbow which giving him considerable pain. William Hall is getting out of Rockcastle quite a lot of ties. Says he has one hundred and twelve thousand for market this year. Billie is a hustling man. It looks as though the boom and timber at the mouth of Rockcastle are in a critical shape if there should happen to be a sudden raise in the creek. Roscoe and Dan Ratcliffe have a fine lot of cattle contracted to parties down in the grazing region. They are looking for the contractor the first of the month. Up Tug News Boy.

PIKEVILLE.
Mrs. J. W. M. Stewart has returned to her home in Ashland, after a long stay here. Miss Sophia Cecil died a few days ago at this place. She was a fine Christian woman and a member of one of Pike county's most prominent families. Mrs. Brown, of Paintsville, widow of the C. & G. agent who died suddenly a few weeks ago, has moved here and rented the Huffman building to be used as a boarding house. Biggar Bowle spent last week in Catlettsburg. James Hatcher has returned from Catlettsburg and other points down the river. Mrs. King Ford and Mrs. Aniba have been here from central Kentucky visiting Mrs. Mary Ford. Supt. R. J. Williamson, who has been very sick, is considerably improved.
DEATH RATE IN NEW YORK AND CHICAGO.

J. A. Beasley and son, Brit, attended the mule sale at Louisa the 28th and sold a fine large pair of mules. M. F. Burton recently killed a nice mule to Uncle George P. H. Mrs. Vlen Charles has moved to the Beasley branch. Charles Charles has moved to the Z. H. Moore farm which is now owned by Mr. Beasley. Mrs. Ardella Spencer, of Rush, Carter county, is here the guest of relatives. Sorry to say that Mrs. Finetta Brown, of Lost Creek, is no better. Mr. and Mrs. James George visited their son, Jesse George and family, last Sunday. Since my last letter there has been two weddings here. Charley Hinkle, of Meads branch, to Miss Mary Wiley, of Chrysler branch. This is the second marriage for the groom and first for the bride. Also, James Wiley, of Chrysler branch, to Miss Pack, of Chrysler. We congratulate each of the contracting parties. Born, March 1st to Henry Chandler and wife, a boy. Also, to Grant Hale and wife, a boy. Mrs. Maggie Brown and Mrs. Ammie Brown are both on the sick list. Mrs. Sam Preston, of Rockhouse, Johnson county, is visiting her daughter this week. Nat.

One Canning Factory

Louisa's prospects are not so good for two canning factories as they appeared to be ten days ago. The Hastings Industrial Company has shipped its plant, which came here in one car, to some point in Arkansas. The representatives sent here by the company have departed, and the only activity in the canning factory line is being displayed by the Louisa Canning Company.

The latter company is now having the foundation for the factory put in, and the lumber for the building is being placed on the ground. Orders are being placed for everything needed and the work will be pushed with all possible haste.

A few more contracts for tomatoes are desired. Those desiring to get the benefit of this cash crop should apply at once for a contract. The company binds itself to take all the products grown on the acreage contracted for, so that the farmer takes no risk of loss on this account. It seems strange that almost every farmer within reasonable distance of Louisa should not put in more or less acreage of canning crops, as it brings them quick returns in cash, and much more per acre than corn will do.

This canning factory can handle \$20,000 worth of products from the farmers within a radius of ten miles of Louisa this season if they will produce it. This would be \$20,000 in cash more than they have been making, as it is a market for a class of products which our farmers could not heretofore find a market for in quantities. We have heard a prediction that our farmers can not be depended upon to do the work, but we have a better opinion of them than that, and we are anxious to see them justify this good opinion.

The following is taken from the Religious Thought department of the Pennsylvania Grit:

"When some genius equal to the task of writing a history of beauty appears, men and women will find a perpetual charm in its glowing pages. It will contain a page of joy, a page of sorrow, a page of peace, a page of war, a page of love, a page of hate, a page of poetry, a page of art. But it will contain many pages developing this thought—the tragedy of beauty—Rev. F. F. Shannon Methodist, Brooklyn, N. Y.

All parties having contracts with the Canning Company for tomatoes will please call on Mr. Chesterfield or at Snyder Hardware Co's Store in Louisa at once for tomato seed and the printed instructions as to tomato seed ought to be planted this week or next.

Bean planting should begin about May 1st and continue until May 25th. Give this prompt attention.

Louisa Canning Co.
W. N. Sullivan, the grocer, has broken the record in the business of handling home grown potato-onion sets. He has bought and sold about one hundred bushels. Many of the shipments went down the river. When our farmers get to producing an excess of crops of various kinds so that shipments may be made to other markets, the supply of money will be much more plentiful.

The following names were handed in through mistake on the delinquent tax list last week, the parties having paid deputy Sheriffs who failed to report it:

William Martin, Jennie Ratcliff, Rot Rayburn, Roscoe Ratcliff, John H. Wilson, Lon Parks, Andrew J. Brown, Wells & Perry, Forest Holbrook, Garred Hammond, Mart. Laney, Noah Peters.

J. C. Thomas returned Saturday from Evansville, Ind., where he went to complete arrangements for a plant to be used in the construction of Lock No. 1 on Tug river. Almost all of the machinery to be used there will be new. A small force is already at work at the site. A. M. Kennedy, of Kavanaugh, will be inspector for the government on this Lock.

Daniel McKay, the competent superintendent for the Baker Contract Company, is beginning to get things in shape for the season's work at Levisa Lock No. 1, near Gallip. Some of the machinery is already on the ground. John M. Rice, who has been with the company on their Kavanaugh work, will remain with them this season and be located at Gallip.

Last Friday evening was very pleasantly spent at the home of Miss Jane O'Brien by about thirty of her friends. A mock wedding, with John G. Burns as groom and Miss Jane O'Brien bride, was a prominent feature of the evening's entertainment. Various games were played, delicious refreshments served and a most enjoyable time was had.

The name of Thos. Hayton, which appears in the list of Sheriff's sales for taxes, should be removed therefrom, but notice was not received until the fourth page of the paper had been printed.

Also, Ira Vanhorn's name should not appear. The property did not belong to him when assessed.

Mrs. N. D. Waldeck will open an ice cream parlor Apr. 2d at her old stand next door to J. B. Crutcher's.

Millard Fyffe has been appointed postmaster at Brig, this county, and Lafayette Wellman at Prosperity.

BRIDGE LETTING.

Bids Opened for the Louisa & Fort Gay Bridge.

At the appointed time on last Tuesday the directors of the Louisa & Fort Gay Bridge Company met at the court house and opened the large number of bids that had been submitted on the proposition to build a bridge, or rather two bridges, to connect Louisa with the "Point" and with our sister city of Fort Gay, W. Va. About fifteen representatives of bridge companies were present.

The bids showed the West Virginia Bridge Company's figures to be the lowest on the super-structure, and T. H. Roberts, of Louisa, was the lowest bidder on the piers. The aggregate of these two bids is \$39,145.00. The bridge company's bid was slightly above \$27,000 and the piers will cost 12,000. The highest bid on the bridge complete was \$57,000.

The directors are taking a little time to consider a proposed change before closing up the contracts. It is expected, however, that the matter will be finally closed within a short time, so that work may start as soon as possible.

There is much enthusiasm on the subject of the bridge, and the directors say the prospects are that the stock still unsubscribed will not last long.

The Mt. Sterling Gazette says: On last Friday Dr. J. F. Reynolds, of this city, assisted by Doctors Shirley and Willis, performed one of the rarest and most dangerous operations known in Ophthalmic Surgery. It consisted in removing a Fibroma from the head of Lizzie Kidd, a colored woman living with Mrs. Hawes Lane, on Owingsville pike.

The Fibroma is a tough fibrous tumor growing in the upper part of the nasal passage, and extending out across the face. In this case it had grown so large as to close both sides of the nasal passage, destroying the sight of the left eye, and cause the eyeball to almost protrude from the socket. One of the highest medical authorities on this peculiar malady records twenty-one cases, three of which died on the operating table, while the fourth died from hemorrhages in less than twenty-four hours, which makes the mortality extremely large.

In the case above cited the patient is recovering rapidly and will be able to return to her home in a few days.

Republican Primary June 17th.

The Republican Executive Committee of Lawrence county met here last Saturday and decided upon a primary as the method for making nominations for county offices. June 17th was selected as the time for holding the primary.

If there are any more prospective candidates it is time they were getting into the race.

Lock Tenders Appointed.

James Pige, who has been first assistant lock tender at Louisa ever since this lock was put into operation, has been appointed Chief tender at Dam No. 2, at Kavanaugh. Chas. Rice has been appointed to one of the vacancies in connection with the Louisa lock, and Mat Rowe gets the other place.

NOTICE.

Members of Louisa Canning Co.: You are hereby notified to pay Wm. N. Sullivan, Treas., twenty-five per cent. of your subscription on or before April 10 1905. Augustus Snyder Pres.

Call on D. J. Burchett, Jr., & Co. for your seed potatoes, lime cement, patent plaster, hair, brick, high grade grass seeds, Michigan white seed oats and all kinds of feed, flour and meal in paper bags for retail trade. Also a full line of Pratt's foods. Call on us and be satisfied. Store opposite new depot. Louisa, Ky.

Those who got to the market at Catlettsburg with timber recently report very unsatisfactory prices and measurements. It is charged that the buyers there combine to run the price down and that the people are at their mercy. It is also said to be very difficult to get honest measurements.

POLLYS CHAPEL.

Laura Chaffin of Twin Branch, was calling on her sister, Mrs. Eliza Webb recently. Jake Arington has returned from Hallsville W. Va., where he has been at work. Willie Holbrook has been hauling goods from Fullers station for E. M. Clevenger the past week. David Thompson, of Little Blaine, was calling on W. M. Wright last Thursday. Lincy Webb purchased a fine drove of cattle from GGarfield Adams last week. Millard Carter and Jess Cyrus past this place with a fine drove of cattle and hogs last Friday. John Queen, of East Fork, was here Saturday enroute to Lincy Wellmans. Martha and Mary Webb contemplate a visit to Daniels Creek soon. The heirs of W. M. Kitchen were granted a pension of one thousand and fifty dollars. Cleve Carter passed this place a few days ago enroute to Hicksville. There has been several school teachers in our locality seeking after schools. Mrs. Lizzie Jobe, who has been sick for quite awhile is no better. John Newsum of Morgans Creek was calling on Mrs. Browning Sunday. Several attended the protracted meeting at this place. Robert Barret passed this place last Monday. Thomas Hays, of Hicksville, went up our creek last Sunday. Virgie Large was visiting at John Chaffins last week. Cyrus Webb, of Olivette, was on our creek recently. Bee Holbrook and son Wesley was calling at Mat Penningtons last Sunday. Walter Jobe has moved from this place to Rockhouse branch. Andy Kitchen is hauling ties to Webbville for Lincy Webb. Blue Eyes.

The Burchett Residence Sold.

Major D. J. Burchett has sold his handsome Lock Avenue residence and four acres of ground surrounding it. The deal was made last Monday at Mt. Sterling by F. H. Yates, the irrepresible, irrealistible, indefatigable real estate dealer of this place. The price was \$5,000.00, spot cash. The property has been transferred to Dr. T. D. Burgess, of Matewan, W. Va. While here recently he saw the property and looked it over, and afterward decided that he would like to own it. He has, so we are informed, no definite plans as to the use of the property, further than that it will probably be offered for rent. He has no intention of leaving his present location any time soon. This is the fourth big real estate deal carried through by Mr. Yates during the last fourteen months, with nearly \$30,000 changing hands on local property. If you want to buy or sell, all you have to do is to place the matter in his hands.

Deserters Arrested.

About the beginning of the Spanish-American war Levi Miles, son of Ben Miles, who lives on Blaine, this county, enlisted in the army. After serving a few months he was furloughed on account of ill health and came home. His bad health continued, so he says, and he never went back. Recently the names of several from this section who are said to have deserted, were furnished to some one in Johnson county who has caused the arrest of several alleged deserters. Among these is Miles, who was arrested Wednesday and brought to Louisa. Here he was turned over to the Johnson County party who will return him to the nearest military post which is Fort Thomas.

There is a reward of \$50 paid by the government for the apprehension of every deserter. Miles' claim of poor health is borne out by his appearance. Under the circumstances he will probably be dealt with as leniently as possible by the army officers.

To Democrats of Lawrence Co.

It is with a deep feeling of interest in the welfare of our county that I write this.

There is a man before you asking the Democratic nomination for Sheriff of Lawrence county. The man whose name I take pride in mentioning is M. G. Thompson. He is a man who has bared his breast to the sleet and storms of winter. He is a man who has labored in the summer sunshine from sun-up until sun-down, trying to support himself and family. Mont has all the qualifications that any man needs for the office of Sheriff. He is the right man in the right place. As to honesty and integrity it is only necessary to say that in these scales he has been weighed for years, both by his Democratic and Republican friends, and is not found wanting. True to his own interest and those to his friends, loyal to his party and true to the interest of his county, which now seeks an opportunity to serve.

If these be not enough to commend him to his countrymen I know not what characteristics to mention. In what Lawrence county would have a Sheriff whom she might justly be proud. If recognized by his party, when the final choice is to be made, there will roll up from Georges Creek, Little Blaine, Dobbins, ePach Orchard, and Wilbur such a Republican mMajority as will prove the wisdom of what is here spoken. I venture to say that Mont Thompson will get more Republican votes if recognized by his party than any other man in Lawrence county. Give Mont Thompson that nomination and remain loyal to him as your standard bearer and the Republican party will elect him Sheriff of Lawrence county.

A Republican.

Mrs. J. A. Billups died at her home near Cassville last Friday, after an illness of several days. Her funeral took place Sunday and was attended by several from this place.

The body of Mrs. Matilda Cragar was brought here and taken to her former home on Blaine last Monday for burial her death having occurred at West Jefferson. O. Her three sons, Sherman, Reuben and J. P. Cragar, of Ohio, attended the burial.

NOT A PATENT MEDICINE

Hymel's Guaranteed Catarrh Cure Prescribed By Physicians.

No one should confound Hymel with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their consumption is secret, but Hymel gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hymel pocket inhaler, fills the air you breathe with germ-killing, disease-destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

How foolish it is to try and cure catarrh by swallowing tablets or liquid. The only natural way to cure this disease and all others diseases of the respiratory organs is to breathe Hymel.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hymel is now sold by A. M. Hughes under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hymel. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The complete Hymel outfit costs \$1.00 and comprises an inhaler, a bottle of Hymel and a dropper. The inhaler will last a lifetime; and additional bottles of Hymel can be obtained for 50 cents.

Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, irregularities or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live, but only exists.

More than a half a million women have found a perfect and permanent cure for their disease condition in the use of Dr. Fenners' Favorite Prescription. Women cured by this remedy say it is "wonderful medicine," so perfectly does it restore them to health and comfort.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Do not be hypnotized, or over-persuaded, into accepting a substitute. This medicine has a record that is worth more than any difference in price. Sick and ailing women are invited to consult Dr. Fenners, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questions, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and absolutely confidential. Write without fear and without fee to Dr. F. W. Fenners, 602 Main Street, Buffalo, N. Y.

These tiny sugar-coated and granulated pills regulate Stomach, Bowels, Constipation and Bad Stomach, attended by foul breath. One or two for laxative, three or four for cathartic.

This great family Doctor, Fenners, on receipt of 21-cent postage stamps to cover cost of mailing, will send the cloth bottle, with full directions. Address Dr. F. W. Fenners, 602 Main Street, Buffalo, N. Y.

THE ORIGINAL.

Poley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great interest and popularity of Poley's Honey and Tar many imitations are offered for the genuine. Ask for POLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons.

WILTON.

The unseating of Alva Adams, the people elected Governor, by the General Assembly of Colorado is a shame and disgrace to the state of Colorado. The action is condemned by all honest laboring people regardless of politics. Adams will surely be re-elected by the Commonwealth people at the next state election of his state and we hope the corporations will not have power enough to deprive him of the office.

Lee Vanhosen has gone to Alabama to work for a mining machine company. Joe Alloway and family and Elmer Alloway and family visited friends and relatives at North Jellico Sunday.

JEFFERSON, O. T.

Ed. Big Sandy News.

Dear Sir: There seems to be a false impression in that part of the country about me being dead, and I take this method of informing my friends and relatives in the grand old county of Lawrence that I am not dead and that I am well and enjoying good health and I wish to say also the relief of Jesus Christ. Three letters have been written here to know if I was dead. I don't know how such false reports got started.

While I am about it I will say that I live on the farm or homestead 6 miles West and 1 mile North of Jefferson and 1 mile from Pond Creek the county seat which I can see very plain this evening from our door. We live on a rural mail route, also have rural telephone connection. Can talk to at least 3-4 of the people in the county.

We are not rich nor getting rich but have plenty to eat and enough to wear, and are satisfied and try to enjoy ourselves. We were blessed with six children—three boys and three girls all of whom are living well and hearty. Four of us belong to Missionary Baptist, one to M. E. Church three to no denomination and politically we are Bryan Democrats and are not ashamed to show our colors. We make our living by farming and stock raising as that is all this part of Oklahoma is good for. There is no mining or lumbering in this part of Oklahoma, but there is in other parts of the territory. We hope to soon be in a state instead of a territory. We are having a pretty cold winter this year for Oklahoma. The prospects for wheat crop here are not very good. Wheat was a short crop here last year, but nearly every other year good. Prices were good. Hoping this will be published in NEWS. I remain,

Yours Respectfully,

J. A. Haws.
